CORPORATE CLOTHING THAT DOESN'T COST THE EARTH

The polyester used in our collections is made from recycled plastic bottles

That means by wearing Clubclass Corporate Clothing you are preventing plastic bottles reaching our oceans and landfill.

Yet we don't want to stop there. We have a world class supply chain team and we're constantly looking at fabric innovation to improve the sustainability of our garments.

As a company we adhere to several internationally recognised industry standards.

TAILORING BUILT TO LAST

The quality and dimensions of the interlining and canvas, developed by our in house technician adds shape that performs day in day out even in the most demanding roles.

The quality of the construction in each garment enables supreme reliability. Each component that we use is tested extensively. We select only the finest fabrics and then ensure they reach a minimum standard for abrasion and pilling.

6 collections each with a specific job to do. All collections offer classic and fashionable styles and slim, tailored and classic fits to clothe diverse teams.

EVOLUTION

THE LUXURY WOOL COLLECTION

EASY CARE

Every garment is engineered to be washable in domestic washing machines

Every garment is engineered to withstand creasing and shine. We've spent years testing and trialling this garment so that your garment will last longer and look better if you follow the simple care guide.

All pieces are washable in a domestic machine. If wash instructions are followed correctly a minimum iron will restore the clothing to great shape.

Wash separately.
Machine wash as wool.
Do not use fabric softener.

Remove the garment immediately after the wash and pull gently into shape. Place on a hanger and allow to dry naturally.

If required iron on a medium setting using a damp cloth between the iron & the garment to prevent shine.

Do not tumble dry.
